California Oil INVESTMENTS

\$1000 invested in the stock of the Claremont only a comparatively short time ago, is returning \$1598 in dividends, and the shares can now be sold for \$13.553. This is one of the many instances we can cite you where large returns have been made in oil stocks.

The officers of the Lincoln Mortgage and Loan Co. make frequent trips through the oil fields to inform themselves at first hand of the condition of properties, whose stock they offer to the public. They are the largest dealers in oil stocks in California.

A branch office has been established here for the accommodation of their many clients on these islands who are now able to make their purchases of oil stocks in Honolulu.

Of the active low priced stocks we recommend the immediate purchase of shares of the Ventura Oil Development Co. at 15c each. The progress of this company has been very rapid and its present outlook indicates a quick advance in the price of these shares in the near future.

This stock offers an excellent opportunity for the small investor to make large profits. Take your shares now. It is your opportunity, your fortune. Buy without delay.

Pete the champion shoe shiner is at the Silent Barber Shop.

If Hawaii opens up its agricultural lands it can take care of at least one year's migration to Canada.—S. F. Chronicle.

Deputy Attorney General E. W. Sutton was operated on at the hospital yesterday for appendicitis. He is getting on very well.

Nolte's restaurant opens at 5 a. m. and keeps open until 7:30 p. m. Meals at all intervening hours promptly served.

A meeting of the Republican club of the first precinct, fourth district, will be held at Aliolani College, Palolo, on Friday evening at 7:30.

Attorney General Lindsay goes to Kauai tomorrow to represent the Territory in the trial of the fishery case of the Bishop Estate against the Territory.

We have several mottoes, but all mean that "the best meal in the city for the money, served in the most satisfactory manner is to be found at Nolte's."

Four deaths occurred in the district of Honolulu from contagious diseases during the fifteen days ended June 30, being three from tuberculosis and one from typhoid fever.

Two hundred teachers assembled at the Normal School yesterday morning to enroll for the six weeks' summer school for teachers which had been arranged for by the department of public instruction.

Nolte's is an institution, along with big business houses and banks that have stood the varying conditions of time and the city's growth. It is the people's standard cafe.

A collection of the best Hawaiian songs has been made and is published as Royal Collection Hawaiian Songs. This collection is for sale by the Hawaiian News Co., Alexander Young Building.

Lieut. Paul Allen Adams, Medical Reserve Corps, U. S. Army, died at Schofield Barracks July 3, 1910, after an illness of about ten days. Dr. Adams was formerly a practicing physician of Los Angeles.

Cut out this and take it to Yat Loy Co. corner King and Nuuanu street, and on your making a cash purchase of 50 cents or upwards you will receive ten green stamps in addition to those usually given.

You can't remove dandruff with a comb or hair brush. Pacehoco's Dandruff Killer is the only remedy that will effectively destroy the dandruff germ, and promote a luxuriant growth of hair.

City folks can be assured of a constant supply of water and a uniform pressure if they have a Redwood Round Hoop Tank attached to the city main. When the city water is muddy they can shut it off and draw exclusively from the tank. Sold by Lewers & Cooke, Ltd.

At the midweek service at Central Union church this evening at 7:30, Rev. Wm. B. Oleson, Rev. O. H. Glick, Rev. John F. Erdman, E. J. Reece, and Theodore Richards, will give short talks on various phases of the recent meeting of the Hawaiian Evangelical Association at Kailua.

Judge Robinson has appointed T. Clive Davies and Mrs. Hart administrator and administratrix of the estate of the late Judge C. F. Hart, fixing their joint bond at \$220,000. The judge also appointed Herman Focke administrator of the estate of Little P. Bird, bond being fixed at \$4,000. The final account of the administrators of the estates of Paul Neumann, Esle S. V. Neumann, Kong Leo Shing, Kong Kium On and John Dillon have been approved.

ROADS AND LIGHTS ARE CONSIDERED

An offer of the Bishop estate to give land for the widening of Nuuanu avenue was received at the meeting of the Board of Supervisors last night.

It was referred to the road committee but the chairman of that committee, Quinn, held that the board could not deal with the Bishop estate as an understanding with residents headed by E. Faxon Bishop, that they would secure the right of way if the board should widen the avenue, had already been adopted.

Superintendent of Public Works Marston Campbell again notified the board that J. W. Pratt had protested against the narrowing of Koko Head avenue, adding that the Attorney General had given an opinion that neither the board nor the Superintendent could change street lines excepting by the process the law provided.

Quinn said the curb had been moved in to the new lines given by the city engineer on the strength of a written authorization of the Superintendent of Public Works to go ahead.

A unanimous report of the road committee recommended a lease of quarry to Honolulu Construction and Draying Company on certain terms.

Logan reminded the board that it lately made another quarry lease which has proved to be illegal and it ought now to be careful. Already an objection had been heard outside that the proposed lease would be an unfair discrimination against another company, that owned its own quarry and crusher and paid taxes thereupon. In the business of selling crushed rock to the United States government. There would be no objection if the lease were put up for competition.

Quinn withdrew the report until the legality of the lease could be investigated.

A letter from C. von Hamm said that the contribution of residents to Pacific Heights road repairs was deposited in Bishop's bank, and Quinn said work on the road had started that day.

Superintendent of Public Works Campbell wrote asking the board to move the mausoleum fence back to the new street line, when the Territory would paint and maintain it.

An opinion from Deputy Attorney Milverton was received, to the effect that as the city did not own school houses and premises it could not be compelled to make sidewalks on their street frontages. A report from the road committee was presented later and adopted against complying with the demand of the Superintendent of Public Works that the city forthwith construct sidewalks at the Central Grammar and Royal schools. Mr. Milverton had pointed out that under the law the lien on the property resulting from failure would be against the Territory itself.

Electrician W. L. Frazee submitted a map, with the approval of the lights committee, showing a scheme of installing 400 new lights in the ensuing six months. Cox and Quinn wanted a detailed report in writing from the committee for the record. A discussion ensued which was cut short by acceptance of Logan's suggestion that the electrician should go ahead with the work and the committee prepare its report for next meeting. The plan includes all the lights for which petitions have been received, including two read last night.

Fire Chief Chas. H. Thurston was granted authority, under the appropriation, to buy a "Cartercar" automobile which he had chosen as best suited for his use.

Petitions were received for four lights in Christley lane and lights and road repairs for Aala lane.

Dr. Hubert Wood was appointed fish and food inspector for Waialua district where he lives, resigning the position for Koolaula. The question of having the resident physician at Kahuku plantation appointed, if he accept, as inspector for Koolaula was left to the health committee.

A favorable report was promised from the road committee to accept an offer of the Waterhouse Trust Co. to advance the \$1100 needed for macadamizing a portion of the Palolo belt road.

An allowance of not to exceed \$200 was granted the public expenditures committee for expenses of redrafting the building ordinance.

Logan stated that Deputy Attorney Milverton was under the impression that the plumbing inspector had never been reappointed as he should have been under the plumbing ordinance. Although the speaker thought the business had been done, to make it certain he nominated J. H. Miehlestein pending an examination of the record by the clerk. McClellan seconded the nomination but the board

preferred to await the clerk's report at next meeting, so the nomination was withdrawn. It was ascertained after the meeting that Mr. Miehlestein had been reappointed.

Sheriff Jarrett's report for the month of June was presented and filed. It showed 131 arrests for gambling and 120 convictions, in the whole county. There were forty-two arrests for drunkenness. The total of fines assessed amounted to \$1724.

McClellan, on a report of the road committee with the usual statement about funds available, suggested that definite plans for work to be done should be submitted to the board from time to time. Quinn said it would take half a million dollars to do all the road work asked for. They had \$14,000 a month for Honolulu district, but might not have so much to the end of the term. He was getting sick and tired of the business but had no objection to having the board direct what work should be done.

S. S. CLEVELAND IN MINSTRELSY

Some time before the U. S. S. Cleveland leaves for San Francisco the officers and crew of the ship will give a minstrel show for the benefit of charity at the Opera House. One of the best collections of song and dance artists in the navy is aboard the ship commanded by popular Captain Rodman.

Several of the officers, noted for ability to entertain, will probably consent to appear in public in some of the latest hits.

Ensigns Richard T. Kairan and Weyman P. Beecher, who are experts on the piano and guitar, will be heard in several of the latest successes.

The glee club, composed of the members of the starboard watch, will amuse the audience with some catchy airs the most prominent being "I Want a Girl," composed by Ensign Rhodes.

Owing to the demand made for seats, the Opera House will no doubt be taxed to the limit on the night of the performance, probably next Wednesday.

KAHUKU HAS NEWSPAPER

Kahuku has a newspaper, called "The Kahuku Paperette." It was born on the Fourth of July, Independence Day, and is understood to have created something of a sensation. It is something of a prohibition paper, too, and one of its leading editorials contains the following: "The wholesale house 'over there at the point' has been closed, and wisely. The liquids they sold never did anyone any good and have caused no end of harm."

"The Kahuku Paperette" is issued every Sunday morning, so the Advertiser is not the only Sunday newspaper in this Territory. The motto of the little, lively sheet is "Kindness is our pleasure, work our recreation and worry a wickedness we spurn." An "Answers" column is one of the features. One of the leading editorials favors the fireless Fourth, in other words, a sane, safe Fourth of July whereon patriotism may manifest without killing, blinding or maiming children with fireworks.

The editors modestly keep their names off the neatly typewritten weekly of six pages, but there is every reason to believe that J. A. Combs is the editor, proprietor, printer and devil.

Following are some of the Kahuku news items contained in Combs' new paper:

"It is not necessary to have invitations to secure admission to social affairs in democratic Kahuku."

"A new tennis court is planned. Miss Dagmar Olsen is the best lady tennis player in Kahuku. The pineapple planters of Pupukea are soon to invite the Kahuku folks to a dance."

"The dance last Saturday was the best ever. Kahuku appreciates the tireless efforts of Mrs. Alexander, who decorated the hall so prettily. Miss Grace Olsen was prime mover in arranging the details. In does one good to behold the spirit of sociability existing in Kahuku."
